Student Highlight:

Miguel Velez

Major: Marketing / Minor in Accounting
Degree expected: BBA
Hometown: San Antonio, TX
Classification: Junior

What organizations are you involved with?
I am involved with First Year Engagement Mentors, TRIO, and the Trap & Skeet team for UIW.

Who in your prospective career field inspires you the most and why?
Steve Jobs because I like his methods and his business approach has always worked. I aspire to be a leader like him.

In what ways did the Career Services staff help you?
When I took the career aptitude test my freshman year, I was going in a bunch of different directions. Taking the test laid out a clear path for me, and helped me figure out that I want a master’s in healthcare administration.

What career goals do you have?
I want to work for a Fortune 500 company or a major hospital like the Christus Health System. I want to work on the business side of things, in departments that are more HR related.

What do you plan to do after graduating from UIW?
I hope to turn an internship into a career, and have that company help pay for my master’s and I’d hope to continue working with that company after I get my master’s.
