Music at UIW

The mission of the Music Department is three-fold: to develop skilled musicians by educating the minds, ears, and souls of our Music students within the liberal arts tradition; to serve the general student population by enriching the CORE curriculum; and to enhance the musical offerings in the UIW and San Antonio communities. Music students at UIW receive comprehensive instruction in theoretical, historical, and stylistic perspectives, and are provided the opportunity for training in music technology. The Music faculty themselves are active performers, composers, clinicians, and scholars who bring practical experience and insight into the classroom. Students receive ample performance opportunities through ensemble membership and studio/seminar classes. In accordance with the mission of UIW, the Music Department encourages the development of musicians who are committed to serving the worldwide community with their art.

The Bachelor of Arts in Music

The Bachelor of Arts in Music offers a liberal arts education that prepares the student for graduate school in Music and other fields. This degree may be combined with an emphasis in Performance (Vocal or Instrumental) or Composition and is suitable for those wishing to double-major in Music and another program.
