

HealthComp's mobile app

HealthComp Mobile is now available for download from Google Play and the iTunes App Store! Providing convenient access to important information, the HealthComp secure app makes managing your benefit plan easy. HealthComp's Mobile app is available for iPhones, iPads, and all Android smartphones and tablets. HealthComp Mobile provides the most commonly used features from [HCHealthBenefits.com](https://www.hchealthbenefits.com) in a mobile environment, including:

Deductible Information

View real-time individual and family deductible accumulator information.

Medical Claims

Review medical claims summaries, claims details, and images of your Explanation of Benefits.

Pharmacy Claims

Review pharmacy claims summaries and details.

ID Cards

View an image of your ID card, request a new ID card or send a copy of your ID card to your provider.

PPO Directories

Access links to PPO and provider directories.

Ask a Rep a Question

Submit your questions for response via return phone call or email.

To begin using HealthComp Mobile, simply scan the QR codes below to be directed to the app in Google Play or iTunes. Download the app and log in using your normal [HCHealthBenefits.com](https://www.hchealthbenefits.com) username and password.
